INTRODUCTION

Classic Lifts Pvt. Ltd.

Service oriented company engaged in installation, maintenance and modernization of lifts. A wide range of lifts installed by us are as follows:-

- Passenger Lifts
- Hospital Lifts
- Goods Lifts
- Home Lifts
- Dumbwaiters

We can customize also as per customer's requirements. We are 30 years old company with over 4000 lifts successfully installed in Delhi-NCR, UP, Uttarakhand and Bihar.

Emergency Service 24×7.

FREIGHT ELEVATORS

Classic offers a wide range of freight elevators of various capacities and control systems to suit all operating conditions.

Increased productivity at lower cost calls for a properly planned freight elevator installed to perfection. So for a new installation or modernization of outmoded elevator classis is ready to cater to your all vertical transportation needs.

HOSPITAL ELEVATORS

Classic hospital elevators are designed to meet present-day hospital needs. The elevator can easily carry even a non-standard hospital bed and other bulky hospital equipment.

PASSENGER ELEVATORS

Classic offers a wide range of hydraulic and traction passenger lifts to meet vertical transportation needs in low rise homes, high rise multistoreyed buildings, hotel, hospital, commercial & industrial buildings.

ELECTRIC DUMBWAITERS

Classic dumbwaiters are designed to handle loads of up to 250 kg. The control systems include a call-and-send system with multi-button controls. Digital indicators are provided to display the current floor position and the direction of travel.

HOME ELEVATORS

Conforming to European standards, we offer customized overhead and pitless lifts for modern, luxurious spaces. These lifts are aesthetically designed to integrate seamlessly with the modern interior of the house.
